The Administrator's Pen

Greetings OSM Family and Friends,

I would like to acknowledge the staff of OSM and the wonderful and dedicated work that they are performing each day. The staff wants to serve and strive to make OSM an enjoyable place for our residents to live. With every decision, your best interest is taken to heart and in consideration. We want you to be proud that you call The Village of Our Saviour's Manor home. The staff is constantly looking and approaching fresh ideas to assist in improving the quality of life for our residents. They possess and embody the four core values of what is PVM's Service Standards of Excellence; Respect, Relationship, Listening and Accountability.

So, I would like to give a big thank you to Mrs. "G" Bruner, Mr. M. Hooton, Mrs. N. Wingefeld and Ms. M. Adams for all of your support, innovative ideas and contributions. I could not have chosen a better team to work with and to help lead in making OSM a choice provider for seniors to call home. THANK YOU!!!

Coordinator's Corner

The month of February has many different holidays this year. From Ground Hog's Day, or the Super Bowl to Valentine's Day and Fat Tuesday with some others in between, this month holds many opportunities for us as a group to come together and celebrate. I hope that all of you take advantage of the many wonderful themed days this month to come together to celebrate.

One day coming up on our calendars is Wednesday, February 4th from 11am-2pm in the community room, while this day is not a holiday it is the next educational presentation opportunity available in this wonderful community. We will have presenters from Garden City Hospital giving us great information on how to stay safe in our homes. After that Sterling Home Healthcare will be helping us stay safe through a presentation on fall prevention. In addition, they will also be providing balance screenings to help you understand what we can work on in our own bodies to prevent falls from falling. Lastly, as all this is taking place Larry from Crystal Home Health will be looking at anyone's walkers, electric wheelchairs, regular wheelchairs and canes to do any repairs needed to keep you safe. So please join us.

We were chosen to be a Cooking Matters site by Gleaner's. This program is a wonderful opportunity for anyone who has not already participated in the program to learn the skills to cook healthier and shop healthier. This program will begin in late May. We will also be providing people the opportunity to go through the Diabetic PATH program put on by The Senior Alliance. Session Zero will be right before our resident meeting on March 18th at 10am in the community room and the classes will begin April 7th from 10am-12:30pm through May 12th. So please watch out for more information as these dates come closer.

Be Happy & Well In Your Relationships Through Constructive Communication

February is a month in which we really focus on building and enhancing the relationships with our loved ones. Through constructive communication we can respect the well-being of the people we hold dear as well as our own. Here are some communication techniques that you can practice with your loved ones to help build and maintain positive, harmonious, and rewarding relationships:

1. **Think positive** – Keep a positive mindset and attitude. Always look for a solution to barriers in communication.
2. **Center yourself** – Take a deep breath. Think about what you truly want to say before you say it.
3. **Specify** – Be specific about what you would like your loved one to do, or what you'd like to see your loved one do more of. Thank them for it and appreciate it in advance!
4. **Share your feelings** – Describe your feelings to your loved one in a calm, genuine, and non-accusatory manner.
5. **Be understanding** – Try to understand your loved one's perspective; put yourself in their shoes to help build empathy.
6. **Accept responsibility** – Take part in sharing a problem or challenge with your loved one. This sharing in a problem will show that you are interested in solving the problem *together*.
7. **Offer to help** – Ask your loved one: "How can I help *you*?" Act on the offer!

Foreign Language Classes

Greetings!

It has been a fantastic start to the New Year in Westland. As you know, we cut the ribbon on a new city hall last year and now we are ready to open another new facility in Westland.

Next month, a new fire station will open at Central City Parkway. This will replace the City's oldest station located on Ford Road near the old city hall, which is more than 50 years old and has become functionally obsolete. The new station has a state-of-the-art training room and will cost less to operate due to energy efficient windows, lighting and HVAC system.

Fire stations are strategically located to provide a high-level of response to both fire and EMS emergencies while supporting other fire stations. Studies show that the new location will provide greater coverage and reduce response times in primary and secondary response areas.

Also new this year are meeting times with the Mayor. We have created a new series, "Mingle with the Mayor". These meetings are designed for residents to connect with us and share their ideas. Throughout the year, I will be hosting "Coffee Hour with the Mayor" at City Hall, located at 36300 Warren Road, as well as "Brown-Bag Lunch with the Mayor" which will also be held at City Hall.

Not new, but a Westland favorite that is just around the corner, is the annual Red Wings Alumni game against the Westland Wild Wings which will be held on Friday, March 20th. For the first time, tickets will be available for purchase online on the City website www.CityofWestland.com. Last year, we set an attendance record for the game and we are hoping to see another sell-out crowd this year for what has become a popular community event.

As we do every year, we celebrated Martin Luther King Jr. Day in Westland. We were honored to invite not only our residents, but Dr. Curtis Ivery, Chancellor of Wayne County Community College, as the keynote speaker. Dr. Ivery is the author of several books including his latest, *Black Fatherhood: Reclaiming Our Legacy*.

In closing, I hope you and your families have also had a fantastic start to 2015. In 2014, Westland announced the Compassionate City initiative. We want you to be a part of it. One of the joys of living here is the broad diversity of faiths, cultures, ethnic backgrounds and the ideological perspectives our residents embody, while still sharing core beliefs in democracy, civic responsibility and community service. Our diversity truly makes Westland the "All American City." We will continue to focus on our goal of being one of the best Compassionate Cities in America.

If you have any questions or concerns, please do not hesitate to contact my office. I am proud to serve as your Mayor and want you to know that my door is always open. I want you to be proud of your City, so stay informed, get involved, and do your part to help us reach our goal to make Westland one of Michigan's "Most Desirable Cities." Stay connected and learn about the City's latest achievements and recognitions by visiting our newly redesigned website at www.CityofWestland.com, liking us on Facebook, and following us on Twitter.

Sincerely,

PVM CELEBRATES 70th ANNIVERSARY THROUGHOUT 2015

By Lynn Alexander

I am pleased to announce that PVM will be celebrating our 70th Anniversary in 2015. Throughout the coming year we will be hosting events at all of our Villages culminating with our annual PVM Gala in November. We will highlight the rich tapestry of shared history with Michigan since we are Michigan founded and Michigan based. During the past 70 years PVM has become one of the state's premiere senior living and services organizations known for its Service Excellence, innovation, diversity and leadership. It has also created a positive and significant economic impact on the communities which it serves.

As a resident at one of our PVM Villages you may be most aware of our Village Victory Cup and our Wellness programs. However, we are expanding and growing every day with the addition of home services, community outreach, advocacy and other innovative programs. We hope that you will join in the celebration by participating in our upcoming events and even volunteering to help if that is something that you enjoy. Events will be posted on the PVM website at www.pvm.org and on our Facebook page at Presbyterian Villages of Michigan. Your friends and family can join in the fun for many of the events. Ask them to check out these sites with you and keep updated on the latest 70th Anniversary news.

Along with announcing our anniversary, we at PVM want to thank you for placing your trust in us. We look forward to enjoying many more years of embracing the possibilities!

Mike's Maintenance Tip

We have officially welcomed the Snow – here are a few Reminders and Tips during our Snow Season.

- A. If a resident plans to be away from the property overnight or for a vacation and will be leaving his/her vehicle parked in front of their building, he/she must notify the office with the name and telephone number of the person who will be responsible in his/her absence in case of an emergency.
- B. If after snow removal has been completed your parking area is still icy, please let management know. We can order additional salting for your safety.
- C. A container of salt will be provided at the front entrance. This container is for resident use when they notice a slippery spot on the sidewalk or at the entrance. This is for **SAFETY REASONS ONLY!!!** This salt is not to be used for any other reason than stated above. (Please notify the office when salt pails are less than ½ full).

A few additional Reminders:

- Please do not leave your door propped open for extended periods. This is a Fire Safety Issue.
- Please place trash and rubbish in tightly closed bags before throwing down the trash chute.
- Rubbish must not be placed on floors in refuse rooms.
- Please keep laundry room clean by wiping off washers and dryers.
- Dryer lint traps must be cleaned after each use.
- Please remove all of your clothing from washing machines and dryers.
- Please report all maintenance repairs to the office.

Stay Warm and dress appropriately,

Michael Hooton
OSM Maintenance Tech.

Presbyterian Villages OF MICHIGAN

G. Bruner's Brief Bulletin

Blessings to you all!

Here are a few February Fun Facts:

February is the third month of winter in the Northern Hemisphere. In the Southern Hemisphere, February is the seasonal equivalent of August in the Northern Hemisphere (which is the third month of summer). February starts on the same day of the week as March and November in common years, and on the same day of the week as August in leap years. February ends on the same day of the week as October every year and on the same day of the week as January in common years only. In leap years, it is the only month that ends on the same weekday it begins.

History:

The Roman month Februarius was named after the Latin term februum, which means purification, via the purification ritual Februa held on February 15 (full moon) in the old lunar Roman calendar. Historical names for February include an old English terms Solmonath (mud month) and Kale-monath (named for cabbage) as well as Charlemagne's designation Hornung. In Finnish, the month is called helmikuu, meaning "month of pearl" when snow melts on tree branches, it forms droplets, and as these freeze again, they are like pearls of ice. In Polish and Ukrainian, respectively, the month is called luty, meaning the month of ice or hard frost. In Czech, it's called unor, meaning month of submerging (of river ice).

Many people pronounce the "RU" of "FEBRUARY" ew rather than /RU/ROO, as if it were spelled "FEB-U-ARY". This comes about by the analogy with "JANUARY" (which ends in UARY but not RUARY).

February Symbols:

Birth Flower = Violet (Viola Plant and the common primrose (Primula Vulgaris)

Birth Stone = Amethyst – It symbolized piety, humility, spiritual wisdom, and sincerity.

Black History

Did You Know Facts:

Thomas Jennings (1791-1859) - On March 3, 1821, Thomas Jennings became the first African American to receive a patent. As the owner of a New York dry-cleaning business, Jennings invented and patented a new process for cleaning clothing. Jennings used the money he earned with his invention to buy his family out of slavery. Active as an abolitionist, Jennings published petitions that advocated the end of slavery in New York.

Henry Blair (1804-1960) - On October 14, 1834, Henry Blair of Greenosa, Maryland, became the second African American to obtain a patent. Blair received his first patent for a corn harvester. On August 31, 1836, he obtained his second patent for a cotton seed planter. Blair's entry in the patent registry identifies him as "a colored man," the only entry of this period to do so. It seems likely that other African Americans had received patents, but simply were not identified by race.

Norbert Rillieux (1806-1894) - A Free born African American from New Orleans revolutionized the sugar industry when he invented the multiple-effect evaporator for refining sugar. Norbert was sent to Paris to study Engineering and he taught at "L'Ecole Central in Paris" His system for refining sugar was adopted by factories throughout Louisiana, Cuba, and Mexico, and its steam principles found much broader application in manufacturing industries for condensed milk, soap, gelatin, and glue products. He worked on several other smaller inventions until his death in 1894.

Lewis Temple (1800-1854) - Lewis Temple invented the toggle whaling harpoon in the 1840's but never patented his work. A black ironworker, Temple had established a blacksmith shop in New Bedford, Massachusetts, when in 1848 he designed a harpoon with a movable head that prevented whales from slipping loose from the hook and escaping. Temple's harpoon became standard whaling equipment, but Temple's failure to patent his work allowed others to reproduce the harpoon themselves, reducing his profits. When he died in 1854, his estate was valued at less than \$1,500.

Jo Anderson - A black slave, Jo Anderson seldom received credit for his development of the reaper: Instead, Cyrus McCormick is usually given credit for the invention of the automatic reaper. Although McCormick himself gave Anderson some credit for coming up with the idea, it was still McCormick who reaped the financial rewards for the invention.

Miriam E Benjamin - Cong & Signal Chair - Little is known about the Washington, DC teacher Miriam E Benjamin, who received an 1888 patent for a chair with a small flag and a bell that an occupant rang using a rod attached to the seat of the chair. These chairs were used in many hotel dining rooms to summon a waiter. And with the support of a Black congressman, George Washington Murray, Benjamin recommended them to the United States House of Representatives as a way for congressmen to signal for a page.
